Design or Die is the design of Luis Mendo and its name refers to the main passion of its author. Luis is a globetrotter who has developed his career in Spain, Holland and Japan, always accompanied by tools for drawing at any time, anywhere. We were tempted to change its name to 'Draw Or Die!' in view of his current interests.

Lorem ipsum is a pseudo-Latin text used in web design, typography, layout, and printing in place of English to emphasise design elements over content. It's also called placeholder (or filler) text. It's a convenient tool for mock-ups. It helps to outline the visual elements of a document or presentation, eg typography, font, or layout. Lorem ipsum is mostly a part of a Latin text by the classical author and philosopher Cicero. Its words and letters have been changed by addition or removal, so to deliberately render its content nonsensical; it's not genuine, correct, or comprehensible Latin anymore. While lorem ipsum's still resembles classical Latin, it actually has no meaning whatsoever. As Cicero's text doesn't contain the letters k, W, or Z, alien to latin, these, and others are often inserted randomly
